

U-Drive is an exciting studio lease arrangement offered at Salt Studios.

- > **U-Drive** lets you lease studio time (without an engineer) at amazing wholesale rates.
- > You then have a full 12-month period in which to use your time. This is ideal for the ever growing number of studio engineers / producers that work from home or spread their working projects across multiple studio facilities.
- > **U-Drive** is also available to **recently graduated audio engineering students** who require a professional working environment to develop their career.
- > With a **U-Drive** lease, the studio facilities are yours!
- > You create your own brand and develop your own client base. You find the client and U-Drive!
- > **U-Drive** rates start from as little as \$20ph and both Salt Studios A and B are available to you.

Check out the benefits of having a U-Drive lease arrangement:

- > All the latest DAW software
- > Vintage analogue console and outboard equipment
- > Extensive classic microphone collection
- > No maintenance of studio equipment
- > No hidden business running costs
- > Available on week nights and weekends
- > Present your own audio services business from a professional environment
- > Use your own brand for advertising, marketing and promotion
- > Move away from being a home studio operator
- > Affordable monthly payments
- > Ideal inner suburban location
- > Convenient public transport access
- > On street parking available
- > Great Restaurants and Café's right outside the front door

Limited places

U-Drive places are limited and **U-Drive** leaseholders are subject to a recording engineer skills assessment. Personal Audio Training sessions are available for skills development.
